3 Government institutions and private non-profit organisations financed primarily by the government.

4 As of 2010: the definition between technicians and other personnel has been modified for methodical reasons. Limited comparability with previous years.

5 Figures for the higher education sector refer to full-time staff of private and state universities (ACTUAL), calculated in accordance with the procedure agreed on by the Standing Conference of Ministers of Education and Cultural Affairs of the Länder in the Federal Republic of Germany (KMK), the German Council of Science and Humanities, the Federal Ministry of Education and Research (BMBF) and the Federal Statistical Office.
